Medical Center
Dallas, TX

PROFESSIONAL SOCIETIES & ASSOCIATIONS

- Rodger C. Haggitt Gastrointestinal
Pathology Society
- Texas Society of Pathologists
- College of American Pathologists
- United States and Canadian Academy
of Pathology

Dr. Kara Phelps joined Incyte Diagnostics in 2021. She is board certified in anatomic and clinical pathology.

Dr. Phelps obtained her medical degree at the University of Texas Southwestern Medical Center in Dallas, Texas. During her medical schooling, she participated in a week-long medical mission trip to El Paso to deliver medical care to the underserved. In her fourth year of medical school, she did a month-long surgery rotation at Bangalore Baptist Hospital to learn about healthcare in the developing world.

Following her degree, she completed an internship there in Obstetrics and Gynecology. After her internship, Dr. Phelps completed as residency in anatomic and clinical pathology. During her residency, she was a pathology course facilitator that led medical students through slides and teaching cases.

Following her residency, Dr. Phelps completed a fellowship in gastrointestinal and liver pathology.

Dr. Phelps has presented poster and oral presentations at events such as the annual College of American Pathologists conference, the United States and Canadian Academy of Pathology conference, and the TSP Young Pathologists' Retreat.

PRESENTATIONS

- Johnson syndrome presenting as neonatal cholestasis with paucity of interlobular bile ducts. Poster presentation at CAP 2019 in Orlando, Florida on 9/22/2019.
- Chan KL, Peng Y. Extrauterine low-grade endometrioid stromal sarcoma with uncommon Features: case report and literature review. Poster presentation at CAP 2019 in Orlando, Florida on 9/24/2019.
- Chan KL, Bishop JA, Kurian EM. A rare case of primary pleomorphic liposarcoma of the parotid gland: cytologic and histologic findings. Poster presentation at CAP 2018 in Chicago, Illinois on 10/23/2018.
- Chan KL, Li L, Lucas E, Molberg K, Singal AG, Gopal P. The combination of bile duct biopsy and bile duct brushing significantly increases the sensitivity of pancreatobiliary adenocarcinoma detection. Poster presentation at USCAP 2018 in Vancouver, Canada on 03/21/2018.
- Chan KL, Dang D, Purva G. IgG4 cholecystitis: a case report and review of the literature. Oral presentation at TSP Young Pathologists Retreat in San Antonio, Texas on 08/19/2017.
- Chan KL, Castrillon DH, Peng Y, Fang YV. Widely metastatic recurrent placental site trophoblastic tumor arising from placental site nodule: a case report of autopsy findings and review of literature. Poster presentation at CAP 2017 in National Harbor, Maryland on 10/09/2017.
